LCN Connections Special Edition – August 2013
In Memory of Carol de la Herran

CAROL'S GENEROSITY

by Irene Blanck
TMI Residential Trainer

I will always remember Carol for her generosity to Gwen and myself.

We were both in Virginia with a proposal to get TMI programmes in Australia. We had wanted to get somewhere to live so that we would be close to the Institute and Carol very graciously shared her home with us, despite not living there at the time. She opened her home to us and made us feel very welcome.
